By the present document, we give evidence that:

The compound collection “Prestwick Chemical Library®”, intended for molecular or cellular screening, is a unique chemical drug library recognized for its originality and exclusivity on the market.

The Prestwick Chemical Library is made of 1760 compounds, whereof 98% are drugs out of patent, and is the only Drug-Library assembled and prepared this way.

Greenpharma SAS, Orléans, France is currently the sole and exclusive seller and distributor of the Prestwick Chemical Library as well as the resupply of compounds.

Best regards,
Samar Bou Zeid
